PRESIDENT’S LETTER

Please mark your calendar for March 23 at 7:30 PM for our general membership meeting. Carolyn deVries of the Sourisseau Academy will present the program. Coffee and cookies will be served.

The annual Stable Stomp will be held on Friday night, May 13th. I hope you will be able to attend as this is one of our most successful and enjoyable activities. There will be square dancing for beginners and experienced dancers. Ernie Renzel has a special surprise for all of those attending.

Your Association Board of Directors has agreed to purchase the ornamental railing to be put around the top of the Pacific Hotel and to assist in funding the street lamp project headed by Jim Arbuckle. Jim, incidentally, is one of the hardest working museum supporters we have and deserves our support. Thank you, Jim, for all the time you have spent on the museum and other historical projects for our community.

The Board has decided to continue the publication program another year and we are investigating presenting a collection of old Santa Clara County photos. If any of you are interested in helping put this book together, please contact me.
